### **PATHS TO OBTAIN VISAS, GREEN CARDS AND CITIZENSHIP**

Our fees are determined, as far as possible, at the start of our representation; and our initial evaluation is free via telephone or provided with a nominal charge in person, at which time the client's needs and requirements are evaluated, and the nature and scope of the representation is determined. Our fees are based on the professional time and responsibility involved. We provide alternative and competitive billing arrangements, including fixed or flat fee retainers, competitive hourly rates, bundled monthly rates, and payments via wire transfer, check, cash, credit card, or debit card. Advance payment of fixed fee amounts and retainers against recorded billable time, billed monthly, are required, all as agreed at the start of our representation, and we have recently adjusted (reduced) our hourly rates by 20%, in an effort to assist in today's economy. A written engagement agreement is required before the client or our firm is committed to the representation. All efforts will be made to translate the contents of the retention agreement to the native language of the client upon request and to determine the expectations of the client, and the best way to meet those expectations going forward.
